## SUBJECTS

### ABDOMINAL SURGERY

Anesthesiology issues in general surgery: The impact of laparoscopic cholecystectomy on anesthetic management. 50(2):114

Combined laparoscopic anterior resection and open inguinal hernia repair. 50(1):21

En masse reduction of hernia. 50(2):100

Enterocutaneous fistula repair using the biofragmentable anastomosis ring (BAR): A new surgical approach. 50(2):81

Mesothelial cysts of the peritoneum: Case report and literature review. 50(1):31

Nonadmission treatment of blunt abdominal trauma victims after negative DPL. 50(5):263

Persistent appendicosigmoid fistula: A rare presentation of mucinous cystadenoma of the appendix. 50(3):182

Primary malignant small bowel tumors. 50(4):209

Suspension technique for panniculectomy in a morbidly obese patient: Technique and case report. 50(3):174

Symposium: Antibiotics for the treatment of peritonitis. 50(6):333

Symposium: Inflammatory bowel disease. 50(2):121

Symposium: Ultrasound in trauma. 50(3):188

### ABDOMINOPERINEAL RESECTION

Obstructing carcinoid tumor of the rectum: Case report and literature review. 50(3):177

**ADENOCARCINOMA, PROSTATE**

Urology update: Radical perineal prostatectomy: Clinical and pathologic advances. 50(3):169

### AMPUTATION

Preservation of upper extremity amputation length using microvascular techniques. 50(1):37

### ANAPHYLACTIC REACTIONS

Anesthesiology issues in general surgery: Management of latex hypersensitivity for operating room patients and health care providers. 50(6):325

### ANESTHETIC MANAGEMENT

Anesthesiology issues in general surgery: Management of latex hypersensitivity for operating room patients and health care providers. 50(6):325

Anesthesiology issues in general surgery: The impact of laparoscopic cholecystectomy on anesthetic management. 50(2):114

### GUNSHOT WOUNDS

Popliteal artery injuries: Treatment and outcome. 50(1):27

### HEART DISEASE

The evolution of aortic valve surgery. 50(3):161

### HEART TRANSPLANTATION

Symposium: Heart transplantation. 50(5):291

### HEMOPTYSIS

Pancreaticobronchial fistula presenting with hemoptysis. 50(3):153

### HEPATIC CYSTS

Biliary cystadenoma with mesenchymal stroma. 50(4):223

### HERNIA REPAIR

Combined laparoscopic anterior resection and open inguinal hernia repair. 50(1):21

En masse reduction of hernia. 50(2):100

Guest editorial comment: Combined laparoscopic anterior resection and open inguinal hernia repair. 50(1):8

### HYDATID DISEASE

Risk factors affecting surgery for hydatid liver disease. 50(5):273

### IMMUNOSUPPRESSION

Symposium: Heart transplantation. 50(5):291

### INFLAMMATORY BOWEL DISEASE

Symposium: Inflammatory bowel disease. 50(2):121

### INGUINAL HERNIA

Combined laparoscopic anterior resection and open inguinal hernia repair. 50(1):21

En masse reduction of hernia. 50(2):100

Guest editorial comment: Combined laparoscopic anterior resection and open inguinal hernia repair. 50(1):8

### INTRAOORTIC BALLOON PUMP

Symposium: Heart transplantation. 50(5):291

### INTRAOPERATIVE ANAPHYLAXIS

Anesthesiology issues in general surgery: Management of latex hypersensitivity for operating room patients and health care providers. 50(6):325

### INTROFLEXION

Risk factors affecting surgery for hydatid liver disease. 50(5):273

### ISCHIAL LESIONS

Tuberculosis of the ischium: Report of two cases and literature review. 50(2):111

### KIDNEY FAILURE

Critical care management: Does this patient need dialysis? 50(1):44

### LAPAROSCOPY

Anesthesiology issues in general surgery: The impact of laparoscopic cholecystectomy on anesthetic management. 50(2):114

Combined laparoscopic anterior resection and open inguinal hernia repair. 50(1):21

Guest editorial comment: Combined laparoscopic anterior resection and open inguinal hernia repair. 50(1):8

### LATEX HYPERSENSITIVITY

Anesthesiology issues in general surgery: Management of latex hypersensitivity for operating room patients and health care providers. 50(6):325

### LIOTTA HEART

Symposium: Heart transplantation. 50(5):291

### LIVER DISEASE

Biliary cystadenoma with mesenchymal stroma. 50(4):223

Risk factors affecting surgery for hydatid liver disease. 50(5):273

### LVAD

Symposium: Heart transplantation. 50(5):291

### LYMPHANGIOMA

Mesothelial cysts of the peritoneum: Case report and literature review. 50(1):31

### LYTIC LESIONS

Tuberculosis of the ischium: Report of two cases and literature review. 50(2):111

### MESENCHYMAL STROMA

Biliary cystadenoma with mesenchymal stroma. 50(4):223

### MESOTHELIOMA

Mesothelial cysts of the peritoneum: Case report and literature review. 50(1):31

### MICROVASCULAR SURGERY

Preservation of upper extremity amputation length using microvascular techniques. 50(1):37

### MORBID OBESITY

Suspension technique for panniculectomy in a morbidly obese patient: Technique and case report. 50(3):174

### MUCINOUS CYSTADENOMA

Persistent appendicosigmoid fistula: A rare presentation of mucinous cystadenoma of the appendix. 50(3):182

### MUCOSECTOMY

Symposium: Inflammatory bowel disease. 50(2):121

### NECROLYSIS

Toxic epidermal necrolysis. 50(5):279

### OMENTOPLASTY

Risk factors affecting surgery for hydatid liver disease. 50(5):273

### OSTEOMYELITIS, TUBERCULOUS

Tuberculosis of the ischium: Report of two cases and literature review. 50(2):111

### OUTCOME ASSESSMENT

Guest editorial comment: Outcomes in surgery. 50(3):144

### PANCREATICOBRONCHIAL FISTULA

Pancreaticobronchial fistula presenting with hemoptysis. 50(3):153

### PANCREATITIS

Symposium: Antibiotics for the treatment of peritonitis. 50(6):333

Symposium: Severe acute pancreatitis. 50(4):240

### PANNICULECTOMY

Suspension technique for panniculectomy in a morbidly obese patient: Technique and case report. 50(3):174

### PAPILLOTOMY

Symposium: Severe acute pancreatitis. 50(4):240

### PEARLS

Practical pearls in surgery. 50(1):48; 50(4):235

### PERITONEAL CYSTS

Mesothelial cysts of the peritoneum: Case report and literature review. 50(1):31

### PERITONEAL LAVAGE

Nonadmission treatment of blunt abdominal trauma victims after negative DPL. 50(5):263

### PERITONITIS

Symposium: Antibiotics for the treatment of peritonitis. 50(6):333

### PNEUMONECTOMY

Treatment of bronchopleural fistula after pneumonectomy. 50(2):105

**POPLITEAL ARTERY INJURIES**
